

ITEM 2 OF THE OGM AGENDA

Approval of appropriation of net profit achieved in 2017, as proposed by the Board of Directors, in one of the two options presented.

SIF Banat-Crișana attempts to keep a balance between the remuneration of shareholders by dividend and the need to finance new investment with the reinvested profits. The strategy for the preservation of this balance aims to increase the long-term investment attractiveness for SIF Banat-Crișana shares, while keeping the potential of company's future development, ensuring the increase of the value created for shareholders.

Remuneration of shareholders by dividend distribution, by reinvesting the profit, or by buyback of won shares, may bring, on medium and long term, additional benefits for shareholders.

The Board of Directors proposes for the approval of shareholders the appropriation of net profit achieved in 2017 in one of two options:

Option I:

Approval of the appropriation of the net profit for the financial year 2017, in the amount of RON 69,553,195, on the following destinations:

In case of the approval of this distribution of profit, it becomes obsolete and it is removed from the agenda of the EGM convened for April 26 (27), 2018, the proposal for the approval a buyback program for the reduction of company's share capital (Program I), included on item 2 of the agenda of the said meeting.

Option II:

Approval of appropriation of the entire net profit for the year 2017, in the amount of RON 69,553,195 to Other Reserves, to support a buyback program.

- Minimum price per share: RON 1;
- Maximum price per share: RON 4.81;
